Operating Permit Application

Dear Mr. Morrison:

The Division has reviewed the above mentioned permit application dated February 18, 2016, for an operating permit for a printing operation. The Division has also reviewed the start-up notification submitted February 18, 2016. Condition 33 of construction permit 970052P requires Axiom Impressions to submit the start-up certification within thirty (30) days of initial start-up. Based upon review of this document, the initial start-up of this source was on September 11, 2015. The start-up certification should have been submitted by October 11, 2015.

Tennessee Comprehensive Rules and Regulations state in pertinent part:

1200-03-09-.01(1)(d) states that construction of a new air contaminant source or the modification of an air contaminant source which may result in the discharge of air contaminants must be in accordance with the approved construction permit application, the provisions and stipulations set forth in the construction permit, all provisions of the regulations of this Division 1200-03, any applicable measures of the control strategy, and all provisions of the Tennessee Air Quality Act.

Compliance with Tennessee Air Pollution Control Regulations contributes to a cleaner environment and healthier citizens by maintaining the federally mandated National Ambient Air Quality Standards (NAAQS) for air pollutants across Tennessee.

If you have any information that proves the violation did not occur (i.e., late start-up notification), or if you have any additional information regarding this violation that you would like to submit, submit the information in writing to the Technical Secretary, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 or e-mail the response letter to Air.Pollution.Control@tn.gov. To ensure that your information will be considered, it must be submitted within 20 days of your receipt of this **Notice of Violation**.

Technical inquiries surrounding this allegation of noncompliance should be directed to Robert Benjamin at 615.532.0564 or by email: Robert.Benjamin@tn.gov and questions concerning the enforcement process should be directed to Mrs. Tammy Gambill at 615.532.0531 or Tammy.Gambill@tn.gov.

Sincerely,

John Fuss, Section Manager
West Tennessee Permit Section
